MAYFAIR

Strong meets beauty. Mayfair series is full body porcelain tile, available in regular size of 60x60CM and cutting size of 60x30CM with polished, matt and structured surfaces.

Mayfair has been created to offer to architects and interior designers a planning material with high technical and aesthetic features. The possibility of mixing them together gives to the designers various solutions for appealing sensory effects.

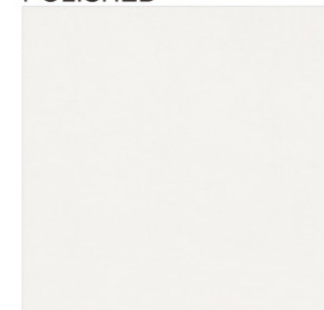

Mayfair finds the ideal environment in both commercial and residential metropolitan spaces creating perfect scenarios for design elements thanks to its essential and intense elegance.

Let Mayfair becomes your first choice of project.
